vida members are better protected!

Be on the safe side with vida's new legal protection package designed especially for professional drivers and benefit from insurance cover if you are involved in a traffic accident while driving for work.

Employed bus, lorry, van and taxi drivers are covered by up to €73,000 per claim in all European countries.

Following an accident, an additional sum of this size can quickly accumulate if compensation needs to be paid due to personal injury, property damage or financial losses or if you need to cover solicitor fees or the costs of expert opinions and reports during criminal and administrative proceedings.

Costs can also quickly mount up if you need to claim procedural costs and entitlements from social insurance providers, if you are disqualified from driving or if you have to pay penalties for driving offences.

If you are a union member, these costs will be covered by vida's legal protection package – as is the protection of your employment rights if you encounter any problems with your employer.

Please contact your local vida office if you have any questions about vida membership!
